

REEL OF COIL STOCK (above) can be fed into a new 18-thousand pound press which exerts a maximum tonnage of 88 tons. It operates automatically at a maximum rate of 80 strokes per minute.

PRESS IS LOCATED in the Press room of Fabrication & Molding's production area. It was purchased from the V & O Press Co. in New York. The machine will eliminate excessive handling of parts, shearing operations and scrap, and will save time on set-up operations.

CONSTRUCTION CREWS have been working in the Metals-Facilities area, clearing ground for landscaping which will manifest the idea of a campus-like atmosphere for Tek's industrial park (see story below).

Tekweek

Vol. 3, No. 23 Tektronix, Inc., Beaverton, Oregon Sept. 7, 1962

Landscaping Underway

The excavation underway south of the Metals building and north of the Facilities building is being done in conjunction with a definite landscape plan adopted after the construction of those two buildings, Don Postlewaite (Grounds Maintenance) said this week.

"This landscaping is being done to achieve a quiet, pleasing integration of streets, buildings and grounds," he explained.

The area south of the Metals building will be primarily lawn, with a few trees and some shrubbery. The area adjacent to the east and west sides of Metals will be all ivy ground cover.

The area immediately north of Facilities will be salal ground cover, which will blend with more ground cover and trees east of the building.

'Post' Ad Mentions Tek

The September 15, 1962, issue of the "Saturday Evening Post" will mention Tektronix oscilloscopes in an advertisement published by the Allen-Bradley Co.

In the full-page ad, under the heading of laboratory instruments, the copy reads, "Designing equipment to meet the exceptionally high standards for laboratory work demands equally high performance from the components employed. For this reason, A-B hot molded fixed and variable resistors are a natural choice for Tektronix high-speed oscilloscopes."

Teks Tour UGN Agencies

Fifteen group representatives joined 17 other Tektronix employees in tours of UGN-supported agencies Wednesday and Thursday.

Wednesday morning tour group 1 went to the Salvation Army White Shield home, the Fruit and Flower Day nursery and the Portland Center for Hearing and Speech. Wednesday afternoon tour group 2 visited Christie school, the United Cerebral Palsy Association Double O workshop and the Women's Convalescent home. Thursday morning tour group 3 visited Our Lady of Providence nursery and the American Red Cross center.

Employees participating in the tours were: group 1 — Don Kepler (Personnel Services), Roberta Wilson (GR, Plant 2 Assembly), Al Swanson (Controller), Della Scholz (GR, Manuals), Frank Kopra (D.O.Q.A.), Wally Priestly (GR, Area II chairman), Jack Murdock (Board chairman), Lee Winer (GR, Plant 2 Test), Frank Consalvo (Systems and Planning), Dick Ditter (GR, coordinating chairman), Lee Crowell (Future Products Mech. Design); group 2 — Howard Vollum (President), Bill Herr (GR, Instrument Eng. Model Shop), Mike Park (Instrument Mfg.), Bill Gilbert (GR, Area III chairman), King Handley (Materials Management),

Dave Harris (GR, Sunset alternate chairman), Chuck Simonson (GR, Area III alternate chairman), Bob Fitzgerald (Domestic General manager), Ozella Canada (GR, Plant 2 Planning), Erwin Ashen Brenner F & M; group 3 — Byron Broms (Corporate Marketing), Marcella Wakefield (GR, Precision Mech. Assembly), Bob Guthrie (CRT Manufacturing), Ray Senn (GR, Area II alternate chairman), Bill Myers (Research), Burt Nielsen (GR, Millikan Way alternate chairman), Bill Polits (Instrument Engineering), Millie McCann (GR, C/S Stock), Robert H. Johnson (Future Products) and Bob Lowery (GR, Sunset area chairman).

Tom Williams (Plant Supporting Services manager and Tri-county UGN Metropolitan West Chairman) and Bob Newberry (Tax Mgr. and Tek Chapter co-chairman) will lead the tours.

Dick Millington Named

Dick Millington (F & M Quality Assurance) was chosen last week to work at UGN headquarters in Portland as the third Tektronix employee participating in the "loaned executive" program. He began his UGN duties last Wednesday.

EMPLOYEE HANDBOOK

Departments that want an office copy of the Employee's Handbook and/or up-to-date revisions for the handbook may call Office Services, extension 407.

Flu Shots Scheduled

Tektronix employees may take advantage of a voluntary plant-wide immunization program against Asian influenza, according to Dick Kenyon (Personnel Services). Public health officials have predicted an increase in both the number and severity of Asian flu cases this fall and winter, he added.

The program requires two shots, spaced several weeks apart. The first is scheduled for September 21, the second in late October. These are the only days shots will be given; make-up shots will not be provided.

Because so many people are involved, the program must be restricted to employees, Dick pointed out. To cover expenses, a charge of \$1 per shot will be made, as a payroll deduction.

A schedule of locations and times, and specific instructions, will be published shortly before each date.

Departmental News

UNIT WIRING, PLANT 1 GEORGE RICKMAN'S GROUP

We had cake for **Aram Tanielian** who terminated and also celebrated his birthday. He married **Jeannene Dixon** September 1; they will spend a week in San Francisco before he returns to school.

ASSEMBLY, PLANT 3 GIPSON'S GIRLS

Jean Garretson is new to our group from swing shift.

Ruth Stuck's son was married last week. After his Navy leave is up, he will take his wife to San Diego.

FINALS, PLANT 2, EAST

Recent elections in Finals resulted with **Dennis Binkerd** as group representative. **Edwin Knight** is alternate; **Floyd Humphreys** is social chairman; and **Jerry Smith** is Tekweek reporter.

CABLES & WIRE PREP ASSEMBLY, PLANT 1

Cake was served for **Jeanie Bueneman** and **Irene David** who went on swing shift.

We had a diaper shower for our supervisor, **Dick Jamerson**, and his wife, **Shirley**.

Doris Vance's sons, **Robert (Navy)** and **Arthur Hammang (Army)**, were home on leave.

The annual Cables picnic was held at **Ada Reynold's** beach place. About 30 persons attended.

ASSEMBLY, PLANT 3 FORREST MARTIN'S GROUP

We had cake for **Bunola Mae Silverthorne** who was married last Saturday. **Neppie Wilcox** joined our group.

Janet Harris' husband, **Allen**, caught a 47-pound salmon at Ilwaco.

PLASTICS PROCESSING PAUL'S PLASTIC PILLS

Our group enjoyed pie and coffee to celebrate the August birthdays of **Doris Beck**, **Jim Hier**, **Evelyn Mathewson**, **Jerry Meyer**, **Art Pet-tai**, **Cecelia Raun** and **Ray Schlosser**, and to say good-bye to our summer help.

ACCESSORIES

Mary Johnson (Production) went on maternity leave last week.

Marian Powers (Production) transferred from swing shift to our new Mechanical group on day shift.

CAPACITORS, SWING

Swing shift welcomes **Betty Merry** to the group.

A surprise wedding shower was given for **Janet Chandler**.

CAPACITORS, DAYS

Pots welcomed **Jean Seybold** to their group. They also had treats to celebrate August birthdays.

Vivian Finley is new in Diodes. **Harvey Candeaux** (staff) reports that his two daughters (five and ten years old) will model in a fall style show for Jantzen.

Engineering welcomed **Dave Benjamin**.

Ruth Luken served a treat on her eight-year Tek anniversary.

ASSEMBLY, PLANT 3 JOHNSON'S JEWELS

New girls in our group are: **Georgia Robinson**, **Barbara Brisbin**, **Rosalyn Waldon** and **Linda Lampert**.

Joan Betzer, **Dorothy Sticklely**, **Brenda Pruettt**, **Francis Kneefel**, **Deloris Sterett**, **Peggy Bryant** and **Helen Bracanovich** are on loan from C & M I.

Bernice Parks was injured in an auto accident recently. We wish her a speedy recovery.

Cake was served for the August birthday celebrants.

FINALS, PLANT 3

Lee O'Dell terminated. She left for Vallecitos Atomic Lab, Pleasanton, Calif.

ASSEMBLY, PLANT 2 THE SOLDERETTES

Bea Onsted served cupcakes to the group for her third anniversary treat.

Deanna Bowman and **Millie Ross** are going on day shift.

Toni Gerbracht and **Millie** served treats to the group.

ASSEMBLY, PLANT 2 PHIL MALLERY'S GROUP

Fred Krebs and his "Delta Combo" played at the Headless Horseman. They will appear the television program, Stars of Tomorrow, September 16.

Tammy Hatcher left for night shift September 4.

ASSEMBLY, PLANT 2 FRIENDSHIP VII SWINGERS

New girls are **Verla Aigo** and **Glennens Emerson**, a transfer from day shift.

Cake was served to honor **Jeannie McFarland**, **Judy Miller**, **Leone Grotte** and **Aldine Van Gieson** who are leaving for day shift.

Farewell to **Larry Greisel** who is returning to college.

KIT PREP & MECHANICAL ASSEMBLY, PLANT 1

Cake was served for **Barbara Griffith** who was married September 1.

Edna Hobbs and **Ruth Warner** celebrated August birthdays.

Bohemian poppy seed cake was **Mary Svoboda's** birthday treat.

Cake was served for **Marv Sprecher** who is in training for swing shift.

TRANSFORMERS

Ken Gilson is new in our Winding group. He was a salesman for Morse Sewing Machine Co. before coming to Tek.

ASSEMBLY, PLANT 2 DERBY'S FILLIES

Vera Buckholz went fishing for the first time and came back with a 60-pound Ling cod.

ASSEMBLY, PLANT 3 JERRY'S MIXWELLS

Erlene Miller celebrated her first Tek anniversary by treating us to cake.

Rose Peterson is back at work after a stay in the hospital.

ASSEMBLY, PLANT 3 EAST SIDE GANG

We presented a gift and had a smorg to say good-bye to our group manager, **Tom Moore**, and to say hello to new group manager, **Luke Crumly**. **Tom** transferred to Wiring. **Luke** has been in Wiring, swing shift.

STOCK STATIC, WAREHOUSE

New employees in the Warehouse are: **Frances Chalberg**, **Miriam Townsend**, **Marlene Appleyard**, **Yusuf Jhanda**, **Walt Hansen** (all in Central Control); **John Fremault** (Issuing); and **John Piercy** (Warehousing).

Eugene Buell of Transportation returned to work after a 10-month period of active duty on the U.S.S. **McGinty**.

Jeannie Nunn of Central Control terminated August 31, to accompany her husband to Independence, Mo., where he will attend school.

Dexter Martin (Issuing) is taking a leave of absence for three years to attend the University of Virginia School of Law on a DuPont scholarship.

The office personnel of Central Control gave a baby shower for **Mary Michael** who terminated. Coffee and cake were served.

PLASTICS PROCESSING HERB'S HEADACHES

Jim Cogdill and **Bernard Wennermark** have been appointed working assistants in Molding and Processing.

Betty Duffield and **Ada Mericka** celebrated August birthdays.

A farewell dinner was held for **Herb Roehr** who is going on day shift. We presented a lighter to him.

ASSEMBLY, PLANT 1 ROGER'S SUPPORTERS

Phyllis Thomas terminated. **Al Dunham** is new in Mechanical. **Irene Conrad** transferred from Unit Wiring to Mechanical.

A gift and cake were presented to **Ella Beaver** on the occasion of her 30th wedding anniversary.

BUILDING SERVICE NITE OWLS

The Owls enjoyed cake served by **Gary Upham** who is leaving for school.

We send best wishes for a speedy recovery to **Ben Tacholsky** who is hospitalized with eye trouble.

COILS GOILS

David Frewen left to attend Reed college.

We were treated recently by **Melva Craven**, **Shirley Farley**, **Virginia Halverson**, **Ruth VanDenHeede**, **Margaret Kilgore** and **Gladys Rattley**. All are celebrating six years at Tek (and in this department).

Verna Dobson, our supervisor, has been at Tek thirteen years; except for a couple of months, all of her service time has been in Coils.

Estelle Shaw, former secretary in our department, paid us a visit recently.

ASSEMBLY, PLANT 1 SAETY'S LADIES

Mabel McCormack brought homemade fudge for the group.

ELECTROCHEMICAL

Lucille Phillips and **James Dullenty** are new in Electrochemical. **Lucille** transferred from Capacitors. **James** from Sheet Metal Shop.

Summer help, **Mark Yancy** and **Dave Sturmer**, are leaving to return to college.

ASSEMBLY, PLANT 3 JIM TENNYSON'S GROUP

A decorated cake was served for supervisors **Fred Herb** and **Jim Tennyson**. **Fred** left our group to work in the Training department and **Jim** came to us from Training. Cake was served to honor **Delorus Hendrickson** who married last Friday.

ASSEMBLY, PLANT 3 TOM MOORE'S GROUP

Peg Huston, part of our summer help, terminated August 31. She will be married to **Ron Smith** September 10. Both are students at Oregon State University.

Marge Helser transferred to Wire Prep.

Ruth Barclay is working in Production Research.

ASSEMBLY, PLANT 3 MARSHALL'S DEPUTIES

We had a farewell smorg for **Barbara Caravatta** who is going on swing so she'll be able to continue her schooling at PSC, and for **Donna Pyle** who is going to Oregon State University.

We had showers for **Shirley Allen** and **Sandy Siltanen** who are getting married.

David Giberson, **Glenda's** son, won a bicycle at the Booster club drawing in Oregon City.

I thank my Tek friends for the many cards and flowers they sent to wish me a speedy recovery during my recent illness. It is gratifying to know that people care.

Rose E. Peterson
Assembly, Plant 3

I sincerely thank everyone for the flowers, cards and gifts they sent to me during my stay in the hospital.

Evelyn L. Meyer
Assembly, Plant 2

Greensboro, N.C., Office Adds Repair Center

A repair center was added to the Greensboro field office Tuesday, September 4.

The center is manned by **Bill Roberts**, field maintenance engineer, who left Beaverton's Field Training in July for Washington, D.C. He transferred from Washington to Greensboro, N.C., in mid-July.

BOB NEWBERRY and **JO-ANNE EDSTROM**, Tektronix UGN chapter co-chairmen, discuss plans for the 1962 campaign.

4 P.M. School Bell To Start Fall Term Tektronix Voluntary Classes

Fall Tektronix voluntary education classes will begin Monday, September 26. Late afternoon starting time was a key recommendation made in the recent Education and Training department survey on the company's voluntary classes. Because of this response several classes will begin at 4 p.m., while others will meet on the usual 7-9 p.m. schedule.

"Family Plan" Continued

One of last year's innovations will be repeated this fall. Evening (7-9 p.m.) classes in Oscilloscope Orientation will be open to wives and husbands of Tektronix employees. Over 40 spouses attended this course last fall.

Tek employees who plan to bring their wives or husbands to this course should call the Education department, ext. 311, prior to September 14.

College Course Possible

If enough Teks register, the General Extension division (Oregon State System of Higher Education) will offer a section of the GED course, Math 10, at Tektronix. The class time — 4 to 6:30 p.m. — and the convenient location should make this course a popular one. See the class schedule for more information on this offering.

Registration Procedures

1. If there is a receptionist in your plant or building, you should request registration cards from her. If you work in an area without a receptionist, check the bulletin board for your source of cards.
2. Please print all information in the correct spaces. Do not fold the card.
3. Mail the completed card to Education, delivery station 97-250. Registration will be on a "first come, first served" basis.
4. If you enroll in more than one course, fill out and return a separate card for each course.
5. Deadline: registration cards must be mailed by Friday, September 14. Cards cannot be processed after this date.

Bulletin Boards To List Classroom Assignments

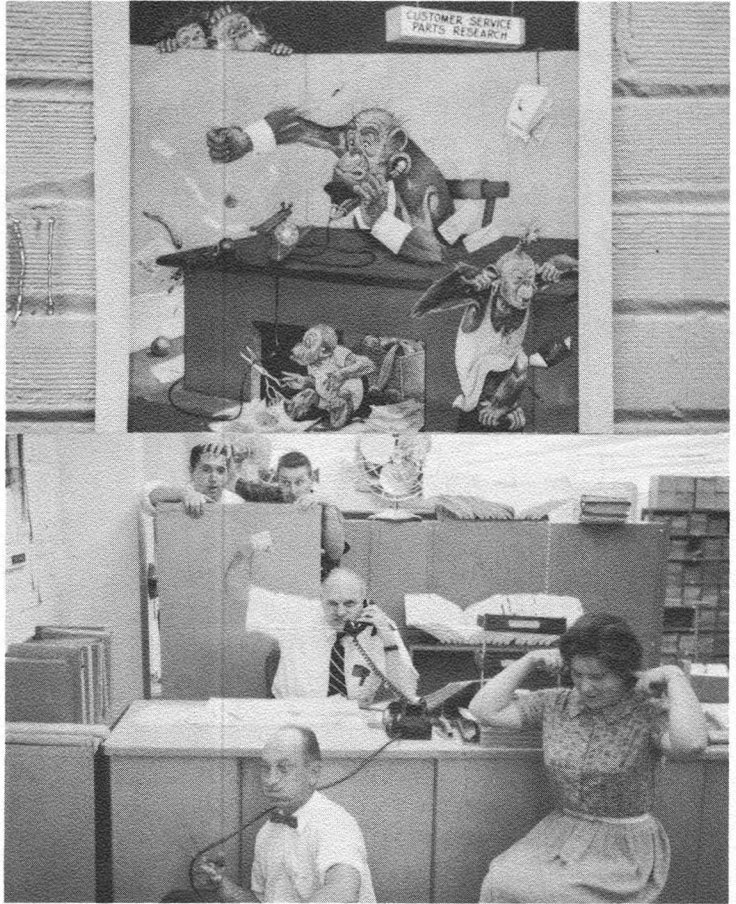

On Thursday, September 20, lists showing locations and room numbers will be posted on bulletin boards. Receptionists and the Education department will also have copies of the class assignment list. If a class is postponed (for lack of students or instructors), or if a class is filled by the time your card is received, you'll be notified personally.

Attendance And Homework

You must attend at least two-thirds of the course sessions and do assigned work to have the class recorded in your personnel file. The descriptions of the courses show those that include assigned homework.

Fees and Fee Refunds

Fees will be charged for some courses, covering about one-half of the total costs. These fees include expenses for books and materials provided on loan or for you to keep, depending on the course. You can pay the course fee at the first or second class meeting. For all fee courses, you will receive a full refund if you notify the Education department before the third class that you've dropped out. After that, no refund.

GOING "APE" IN THEIR NEW QUARTERS— The Parts Publication unit of Customer Service posed in monkey-fashion last week. They are Chet Murphy (pounding desk), Fred Hart (with scissors), Ed Davis and Lee Karr, Jr. (peeking), and Laverna Sillman.

Will We Measure Up This Year?

TEKWEEK is published every Friday for Tektronix employees by the Communications department in cooperation with the Graphic Arts group, the Printing department and the Photography department. Carol Day, editor; Becky Short, co-editor; extension 405. General news deadline: Monday noon.

FALL TERM TEKTRONIX VOLUNTARY CLASS SCHEDULE

- NOTES:** 1. All classes meet once a week on the day and hour indicated.
 2. Late afternoon classes (4-6 p.m.) will be held in Tektronix classrooms. Most of the evening classes (7-9 p.m.) will be held at Sunset high school.

First class meets	Course No.	Course title, length, description	Intended for	Fee
7-9 p.m. Mon., Sept 24 or Thurs., Sept. 27 4-6 p.m.	106E ----- 106A	OSCILLOSCOPE ORIENTATION . . . Six weeks. This course gives a non-mathematical explanation of how scopes are used to make measurements, how to understand scope displays, and how Tektronix manufactures our products. Take your choice of late afternoon or evening* classes, or attend before work (swing shift).	All employees Wives or husbands of employees	None \$2.00
Tues., Sept. 25 or Wed., Sept. 26 1:30-3:30 p.m. Fri., Sept. 28	----- ----- ----- 106S	*Bring your spouse to the evening class.		
4-6:30 p.m. Thurs., Sept. 27	210	PRINCIPLES OF TRANSISTORS . . . Ten weeks. A non-technical introduction to transistors and other semi-conductor devices. Includes: basic physics, circuit configurations and uses, types of transistors. Students will need to have an understanding of basic electronic theory for this course. Homework assignments.	All employees	\$4.00
4-6:30 p.m. Wed., Sept. 26	301	TEKTRONIX CIRCUITS . . . Twenty weeks. Advanced course using the book Typical Oscilloscope Circuitry as the text. This course will help you better understand the circuitry in Tektronix oscilloscopes. Students should understand vacuum tube principles. Homework assignments.	Persons with good background in electronics	\$2.00 (for text)
4-6:30 p.m. Wed., Sept. 26	110	MATH FOR BEGINNING ELECTRONICS . . . Ten weeks. Not a general math course. A review of math needed in the 20-week Beginning Electronics course (starting in January). Practice with formulas, powers of ten, simple slide rule calculations (slide rules will be furnished). Homework assignments.	All employees	\$5.00
7-9 p.m. Mon., Sept. 24	331	CALCULUS FOR ELECTRONICS . . . Twenty weeks. A review of integral and differential calculus for those in technical and engineering areas. Students should have calculus or advanced math background. Homework assignments.	Employees with prerequisite background	\$8.00
4-6 p.m. Tues., Sept. 25	540	CHEMISTRY FOR ELECTRONICS . . . Ten weeks. Fundamentals of chemistry, with emphasis on the application of chemistry in the electronics industry. Recommended for employees with little or no previous chemistry instruction. Homework assignments.	All employees	\$5.45
7-9 p.m. Thurs., Sept. 27	652	INTRODUCTION TO DATA PROCESSING . . . Ten weeks. This course will describe, in a non-technical manner, the operations and uses of data processing equipment; with movies and lectures on data processing functions, practical class applications and a tour of Tek data processing installation. Homework assignments.	All employees	\$4.00
4-6 p.m. Tues., Sept. 25	744	TECHNICAL SKETCHING . . . Eight weeks. This course explains how to quickly sketch objects such as machined parts and mechanical assemblies. Practice in sketching three-views, oblique and isometric views and cross-sections. Homework assignments.	All employees	\$4.00
7-9 p.m. Mon., Sept. 24	395	BETTER WRITING . . . Ten weeks. Principles of clear writing, with emphasis on correcting common writing faults; practice in using short words, building understandable sentences, saying what you mean; accurate reporting; giving clear directions and instructions; building a working vocabulary. Homework assignments.	All employees	\$4.00

Special Class From GED:

Math 10, **Elements of Algebra**. Beginning Monday, October 1, 4-6:30 p.m. For anyone who wants to strengthen his ability in basic mathematics. This course will help those who have been out of school for some time, or who may want to qualify for more advanced courses on a college level. **For registration information call Education, ext. 322.**

MISC. FOR SALE

TRAILER HITCH: and extra-load helper springs for '55 ford sedan, \$12.50. ME 9-3218 aft. 4 p.m.

FOLDING KIDDIE WALKER: good cond., \$100. doe rabbits & pens, best offer. Mary Ellen Losli, Page Plant 1 swing or EL 7-9587.

DINING ROOM SET: 10 piece French provincial, hand-carved cherrywood, light finish, excel. cond., cost \$2500, sell for \$525. Carrol Clason, MI 8-5028.

KENMORE WASHING MACHINE: w/pump, gd. cond., \$25. Donn, ext. 404 or CY 2-4285.

U-PICK CUCUMBERS: 920 S.W. 206th, Aloha, 4 cents/lb. MI 4-1237.

SHETLAND PONY: bridle, saddle; 8 yrs. old, very good w/children, \$225. Joy Parks, ext. 386 or MI 4-7891 eves.

RABBITS: 9 weeks old, 75 cents ea. MI 4-0719.

275-GAL. GAS TANK: w/hose & nozzle, \$35. Ralph Vandehey, Page swing.

TRAILER HITCH: for '58 Ford, mounts to frame, \$5; 2 single burner camp stoves (K fuel), \$4 ea. Maury, ext. 280 or AL 4-1456.

2-1/2X J.C. HIGGINS SCOPE: (Weaver) w/mount, \$25. Elmer Woods, ext. 7641 or MI 4-5801.

PEACHES: U-pick, 6 cents/lb., on Hwy. 210, 6 mi. west of Progress. MI 4-0994.

HAND CONTROL UNIT: fits any auto transmission, \$75. Roger Stewart, MI 4-1456.

TUNERS. STEREO: leaving for school, must sell; working amp and preamp, 14W per channel, parts, \$85. MI 4-5625 eves.

MAIL BOX: w/ornamental steer-head posts, \$10. MI 4-1775.

FOOTBALL SHOES: size 7 1/2, worn twice, low cut, \$9. EL 7-9712.

IMPROVED ELBERTA PEACHES: will deliver to assembly areas, \$3 per bushel. Phil Lapp, Plant 1 Page.

8-SPEED ENGLISH RACING BIKE: \$70. Carol, ext. 405.

ELECTRIC RANGE: Frigidaire 40-in., \$60. MI 4-0014.

WESTINGHOUSE RANGE: deluxe Imperial, aqua, w/window oven, light, auto timer. superspeed coil, like new, \$125. BE 5-7436.

LOWREY ORGAN: Holiday model w/percussion; Leslie speaker; beaut. tone, excel. cond., red mahog. finish, \$1150. Gordon Reimer, MI 6-2749.

FRIGIDAIRE RANGE: elec., needs slight repair, \$65; 3-pc. bdrm. set, \$85; walnut din. rm. set, \$30. MI 4-7182 aft. 4 p.m. or Sat.

500-GAL. GAS TANK: comp. w/fittings & nozzle, \$35. Ext. 230.

TAM CLARINET: very good cond., \$50. EL 7-9277 aft. 4 p.m.

OREGON HEART ASSOCIATION
Helps prevent and control heart disease through research, professional and public education.

Supported by  contributions.

MISC. FOR SALE

GOOD PRACTICE PIANO: \$30; 21-in. TV w/good cabinet, \$10. CH 4-4164 aft. 4 p.m.

18-FT. FIBERGLASS INBOARD: 170-hp V-8 engine, trade for 16-ft. outboard. Norm, MI 4-3700.

14-FT. RUNABOUT: trade for old-timer car, old pickup, motorcycle, sell for \$250, incl. trailer & motor. MI 8-2609.

SPINNING WHEEL: \$35; half commode, \$30; captain's chair, \$12.50. CH 4-4158.

U-PICK BLACKBERRIES: 4 cents/lb. You can swim and picnic while you're there. Linda Clark, Page swing, or North Plains. 331-2944.

DRAPES: w/traverse rods, light boucle; for 60x40 window (white); for 75x65 window (lined, beige); \$15 set. Mary Cae, ext. 7249.

WASHER & DRYER SET: Hamilton, deluxe model w/warranty; 1 yr. old, \$400. AL, ext. 428.

KITTENS: half-Abyssinian, 3 females, 1 male, \$10 ea. MI 4-4952.

14-FT. KANGUS RUNABOUT: 30-hp Johnson, trailer, new paint, gd. cond., best offer. MI 8-4267 aft. 5 p.m.

KELVINATOR RANGE: deluxe 40-in., like new, \$79. CY 2-5423.

TWO COWS: 3 years old; one Hereford, one Hereford-Holstein to calf soon, make offer. MI 4-0441 aft. 3 p.m.

SEWING MACHINE: Montgomery Ward, new attachments, built-in zig-zag, \$50 or offer; starter set "DelRose" china \$45 or offer. MI 8-3807.

WOMEN'S GOLF CLUBS: starter set incl. 2 woods, 4 irons, putter, bag, \$30. June, ext. 7753 or MI 4-4384.

TAP DANCE SHOES: size 8B, w/taps, \$5; 8-ft. Golden cypress, cone-shaped, thickly branched, we dig, \$6. Ext. 230.

SIAMESE KITTENS: sealpoint, 7 wks. old, \$15 ea. Ext. 504 or MI 4-9896 aft. 7 p.m.

ADMIRAL RANGE: 40-in., \$35; Singer Buttonhole maker, \$5; New Home buttonhole maker, \$5. Lou Lambert, Plant 2 Page or MI 8-5864.

A.B. DICK MIMOGRAPH: model 92 electric, w/interleaver, \$95. BE 6-4787.

HOUSES FOR SALE

3-BDRM: 3 bath, liv. rm, din. rm., den, party room w/kitchenette, kitchen w/GE dishwasher & eating area, \$28,500. CA 3-5398.

3-BDRM: builtins, fp, patio, 1-3/4 bath, dble. gar., new lawn, nr. Tek, \$16,500. Joanne Jones, ext 7601 page or MI 4-1914.

3-BDRM: view of valley to Coast range, in SW Portland, 1-1/4 bath, carpets & drapes, \$17,200. CH 6-1516.

3-BDRM: brick fp, oak floors, mahog. trim & cabinets, comb. fam-din. rm, 1200 sq. ft., \$13,800, will trade. Robert Reed, MI 6-1920.

Sports

Open Letter: to all Tek inter-department softball players.

Well, our softball season is almost over, and I hope all of you enjoyed it as much as I did and are looking forward to next year.

Although there were a few mishaps—a sprained ankle, broken elbow, torn ligaments, cracked shoulder and many, many charley horses—I think we all had fun. I know that I met a lot of people that work at Tek that I wouldn't have met if it hadn't been for playing ball. I hope you all feel that softball has brought you closer to your fellow employee.

Next year maybe we can get an earlier start and have more teams. I would like to see a team turn out from every department.

We thank Dick Pooley and Don Postlewaite for their work on a playing field for us (on Tek property). We started on this project late, but we hope to complete it next year.

Thanks, too, to all the team captains for the cooperation they gave me. Here's to a bigger and better season next year!

Ron Lowry,
Photography

Archery Meeting Slated

A movie entitled "Bow Hunting in Newfoundland" will be shown at the September 20 meeting of Tek Archers. Meeting time is 4:15 p.m. at the Cedar Hills shopping center, Photography department.

Teks may obtain further information by calling Gordon Wood, extension 300 Sunset.

To the Editor:

Tektronix Foundation
P.O. Box 500
Beaverton, Oregon

Attention of Mr. William B. Webber, Secretary

Gentlemen:

The Sisters join with me in thanking you for your check in the amount of \$500.00 for the Frank R. Menne Research Fund.

Your generous gift will help substantially to further the research project being sponsored by the fund under the direction of Dr. H. Semler.

Sincerely yours,

Sister Francis Ignatius
Administrator
St. Vincent Hospital

Tek Golfers Take Two

Tek golfers went into high gear during the last two weeks, taking two matches from IBM and U.S. National bank.

In a trophy match at Forest Hills golf course August 25, Tek retained possession of the trophy, beating IBM, 25½ - 10½. Ross Hood (Maintenance Electrician) had low score of the day, 75.

At Rose City course last Saturday, September 1, Tek par smashers won another trophy when they took a match against U.S. National bank, 20½ - 15½. Darrell Mock (Systems & Procedures) had low gross of 76.

Tek Gun Club Offers Hunter Safety Class

A three-week course on Hunter Safety will begin tomorrow, September 8, at Sunset high school. Classes will continue through Saturday, September 15 and 22. Sessions are scheduled for 10 a.m. until 12 noon.

No advance registration is required. Hunters of all ages may sign up at the first class tomorrow, Henry Lum, Tek Gun club president said. A fee of 50 cents will be charged.

WANTED

The Tek Gun club needs hunters, shooters and handloaders. Contact Henry Lum, page 7101.
