

**EUROPE-BOUND** — Ray Cone (group mgr., Facilities Design) examines a map of Europe in anticipation of next week's trip to Nice, France, for the International Lions club convention.

Ray Cone (group mgr., Facilities Design) and his wife, Jan, will leave June 13 for a month-long vacation in Europe. They will jet to London, England, spend about three days there, then fly to Paris where they will rent a car for the rest of the trip. After representing the Southwest Portland Lions club as delegates to the International Lions club convention in Nice, France, Ray and Jan will tour southern Europe, exploring ancient architectural ruins from Pompeii, in southern Italy, to London, England.

In a telephone conversation last week, Ray said their route passes through Switzerland, where they will visit the Tekintag staff in Zug. They anticipate some language problems during the auto trip, since they speak only English, but feel this will add spice to the visit.

**OFF TO NORWAY**—Susan Egan, a junior at Sunset high school, will leave Portland this month for a thirteen-month stay in Norway. As an American Field Service exchange student she will live with the Sorvig family in Trondheim. Susan is the younger daughter of Ed (Future Products Engineering) and Fran (CRT. Prod. office), both long-time Tek employees. Their older daughter, Carolyn, who is now a student at Stanford university, was an AFS exchange student to Austria in 1959-60.

## Frank Consalvo Heads Systems and Planning

Frank Consalvo, formerly of Data Systems, has been appointed director of Systems and Planning. Data Systems and Product Administration are a part of this group. Ray McGinley, Kevin Van-Hoomissen and Jim Zika will carry on their present activities reporting to Frank, who will report to Bob Fitzgerald.

Systems and Planning will be responsible for business projections, product availability and commitment, capacity and inventory planning and data systems projects and applications.

**THEY'RE OFF** — Evelyn Reed (CRT Test) prepares to release Ralph and Wilbur in front of the Metals building. The young homing pigeons, which belong to her son, Bob, make the ten-mile flight (as the car goes) to her southeast Portland home in about one-half hour. Evelyn mentioned that the birds are still in training and the fully trained adult homing pigeons average 60-70 mph on a familiar course.

# Tekweek

Vol. 3, No. 10 Tektronix, Inc., Beaverton, Oregon June 8, 1962

## Engineering Contact Moves; Phones and Stations Change

The Engineering Contact group of Instrument Manufacturing Production Services has moved to a new area in the Sunset plant. As a result, the following phone numbers and delivery stations have been changed:

|                 |      |        |
|-----------------|------|--------|
| Newt Espe       | 272S | 81-181 |
| Corrine Morris  | 322S | 81-181 |
| Jack Hughes     | 379S | 81-181 |
| Earl Pahlka     | 380S | 81-181 |
| George Smith    | 278S | 81-181 |
| Rod Skelton     | 281S | 81-181 |
| Ray LaGrandeur  | 338S | 81-181 |
| Dorothy William | 226S | 81-279 |
| Mickie Lehman   | 226S | 81-279 |
| Millie McMillin | 378S | 81-287 |
| Eva Goff        | 378S | 81-287 |
| Pat Lowry       | 378S | 81-287 |
| Norma Peterson  | 378S | 81-287 |
| Doris Lewis     | 378S | 81-287 |

All other Engineering Contact personnel in the Sunset plant may be reached at 385S, and delivery station 81-287.

## SHOP SHAVINGS (SWING)

Lyle Robinson and Ron Rodgers are back on their own shifts after switching so Lyle could train on camera parts.  
Jim Dullenty transferred to the Etch department, day shift.

## ASSEMBLY, PLANT 2 JAMES' GANG

Charlotte Mason is home recuperating from surgery.  
Betty Cox and Charlotte Sprauer are new in the group, from swing shift.

## ASSEMBLY, PLANT 2 FRIENDSHIP VII SWINGERS

Marieanne Eklof is back at work.  
Priscilla Heinzman, Marty Smith and Mary Stuart transferred to day shift.

## ASSEMBLY, PLANT 1 CASE HISTORIES

Irene Conrad has returned from sick leave.  
We had a spaghetti-garlic bread smorg last week.

## MATERIALS MANAGEMENT QUALITY ASSURANCE

Incoming Inspection, Government Source Inspection and Militarized Products Receiving Inspection have all combined to form M.M.Q.A. Our group representative is Neil Martin; Harry Wilson is our reporter. Neil Martin is also serving as handicap chairman for the Tektronix Golf club.

## ASSEMBLY, PLANT 3 FRED'S FRAULEINS

Gwen Kaufman treated the group to fudge to celebrate her fourth year at Tek.

## ASSEMBLY, PLANT 2 DALE DERBY'S DAYDREAMERS

Priscilla Heinzman has joined our group from swing shift.  
Nora and Bob Pirrie and party returned from a weekend fishing trip with 92 trout.  
Loretta Merrow and her new baby girl visited us last week.  
We had a wedding and termination show-er for Sharon Yoder.

## UNIT WIRING, PLANT 1 STAN SAETY'S GROUP

Identical twin boys were born May 30th to Bertha Hull's daughter, Helen Jean Bertrand, who worked in Unit Wiring from 1956 to 1958. The boys were named Scott Edward and Gregg Michael.

## ASSEMBLY, PLANT 2 ELROY FARAH'S WHEELS

Sheri Hosea is home from the hospital. Our group welcomed Rosemary Hafer and Marty Smith, from swing shift.

## BULB PREP CRT BOTTLE BABES

Marge Caire was honored at a farewell party, given by the group at the home of Peggy Haimo. She was presented with a lovely gift. Marge terminated after five years of service with Tek.  
Margaret Beitelspach is a grandmother for the second time. The baby's name is Donald Edward.

## ASSEMBLY, PLANT 2 SUPPORT GROUP

Jane DeWater was treated to cookies before leaving our group for swing shift. Carol Comstock was awarded a trophy for being the "motor maid" with the most motorcycle mileage for 1961.  
Pat McRobert's daughter, Betty, won two scholarships for college.  
Maxine McCabe from Short Line has been helping out in Cables.  
Cleo Binkerd is helping in Kit Prep.

## ACCESSORIES, SWING

New girls in our group are Rose Brown and Rena Long.

## ASSEMBLY, PLANT 3 JERRY MAXWELL'S GROUP

Stressia Beavers is going on leave of absence so she can be with her husband, who is in the service.

## CRT FINISHING

Helen Thome (Test) was guest of Western Rod and Reel club on a train excursion up the Columbia to the Deschutes for a picnic & fishing. Helen's "fish story"—the trash fish she landed was so small, it choked to death on the worm and drowned.

## UNIT WIRING, PLANT 1, SWING ROGER'S SUPPORTERS

Jackie Hildebrand and Phyllis Thomas are new in Cables; Pearl Pinion is new in Mechanical.  
We elected Ella Beaver to her second term as group representative; Connie Anderson is alternate; Mabel Bean, social chairman; Joscelyn Blake, reporter.  
We had a smorg May 29th for Irene David, who transferred to day shift.

## ASSEMBLY, PLANT 2, SWING THE SOLDERETTES

Helen Kaizer Martin transferred to day shift. Rose Mary Hafer transferred to Elroy Farah's group on day shift. Sharon Rosengarth and Colleen Cleland also went on days.

## FINALS, PLANT 1 FABLES FROM FINALS

We had cake and presented a gift to Bob Kaufman, who transferred to Plant 1 Planning. Loyal Strom has replaced him as unit manager.  
Mike Berlant is on a six weeks' tour of duty with the army in Alaska.  
Finals welcomed two new employees: Gary File and Gary Mott.

## CAPACITORS

A pink and blue shower was given for Donna Breckel in Resistors.  
Doris Skeffington served a four-year treat to the Capacitor area.  
Welcome to Mary Senko and Sue Kirkpatrick, who are home from college and working with us again this summer.  
We extend our sympathy to Josephine Howrey who recently lost her mother.

## UNIT WIRING, PLANT 1 NORM'S NYMPHS

Sue Silva terminated last Friday.

## BUILDING SERVICES STEVE'S SLEEPY SWEEPERS

Paul Nesbitt treated us to ice cream and cookies to celebrate his first anniversary at Tek.  
Paul Nesbitt is our new group representative; Bob Moore, alternate; Don McMartin, social chairman; Marvin Johnson, reporter.

## PLASTICS PROCESSING PAUL'S PLASTIC PILLS

Grace Crum celebrated her sixth year at Tek, treating us to homemade candy.  
Duncan Bergeron, who is transferring to Mechanical Engineering at Sunset, was honored last Friday with a farewell cake.

## CABLES & WIRE PREP, PLANT 1

We are happy to have Bernice Sunderman back with us.  
Edna Davis' son is home from the paratroopers for the first time in two years. Lil Walker's son, Bill, is also home from the service, after spending two years in Germany.

My thanks to all my friends at Tek for their kindness and sympathy expressed when my father passed away recently.

Jean Bueneman & family,  
Cables, Plant 1

I wish to thank all Tektronix employees for the flowers and expressions of sympathy which were received at the death of my father.

Dick Cosier,  
Finals, Plant 2

## PICO PUFF

# 7th Annual Tek Bowling Tournament Winners

**Two Trophies**

Pat Wootten won first place in Women's Class II Singles (623) and first place in Women's Class II All Events (1610).

**First Place Team**

Dit Hooker, Ross Kines and Kay Bartmess accepted trophies for top team score, 2339. Not pictured: Dick Bartmess.

**Men's Class II All Events**

Gene Simons proudly displays the trophy he earned for a 1728 score.

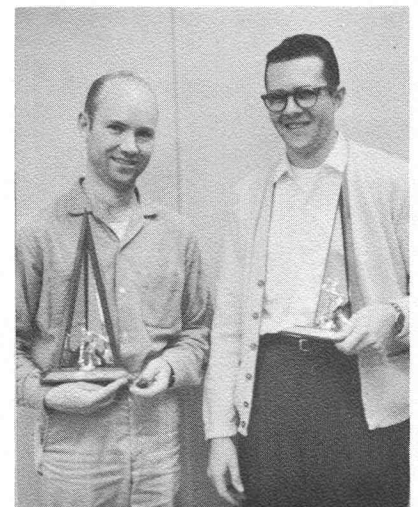

**Men's Class II Doubles**

Dave Robertson and Dick Terho teamed up to capture first place with their 1271 score.

**Women's Class II Doubles**

Esther Sipe (pictured) and her partner, Ellanor Wright, bowled 961 to earn their trophies.

**Men's Class I Doubles**

Bob Pickett and Bob Tracy tallied 1301 for top honors in their division.

**Women's Class I Doubles**

Cathy Meyer and Irene Phillips won trophies for their 1102 tally.

Trophies and cash prizes were awarded Thursday afternoon, May 24, in the Metals building cafeteria to winners of the Seventh Annual Tektronix Bowling Tournament. Over 75 presentations were made by Ted Hiatt, Tek Bowling club president.

The following trophy winners are not pictured: Kay Conklin, first place in women's Class I All Events; Doris Smits, first place in Women's Class I Singles; Roy Eckelman, first place in Men's Class I Singles and first place in Men's Class I All Events.

**Men's Class II Singles**

Donn Beck came out on top, by six points, with his 636 score.

## To the Editor:

Lang Hedrick (department manager, Accessories Design) received the following letter:

Dear Mr. Hedrick:

It is my sincere pleasure to inform you that Tom Wheeler (Accessories Design) has recently received the Junior Chamber of Commerce National S.P.O.K.E. award. Tom's all around first-year activity in the Portland Jaycees has qualified him for this award.

I think the words that the letters S-P-O-K-E represent are truly indicative of why he has won this award when you examine them one by one.

S- ervice  
P- articipation  
O- rientation  
K- nowledge  
E- nthusiasm

Tom has brought credit to himself and to those with whom he is associated by the unselfish and capable devotion of his time to the "civic betterment" objectives of the Portland Junior Chamber of Commerce.

Mr. Hedrick, may I extend my appreciation to you and your firm for allowing us the privilege of Tom's participation in the many worthwhile projects of the Portland Jaycees.

Sincerely,

Paul R. Nordstrom  
President

CHARLES WELLS — director of the Export Control section of the Bureau of Internal Programs, U. S. Department of Commerce, discussed export control regulations with Scotty Pyle (Int'l Mkt. mgr.) during a recent visit to Tektronix. Mr. Well's group licenses Tektronix products for overseas shipments and is therefore interested in new products and techniques used by the electronics industry.

## This Month's Ten-Year Tek

## Kind Words From Texas

Dr. L. V. Berkner, president of the Graduate Research Center of the Southwest at Southern Methodist university, Dallas, Texas, recently visited Oregon. In a speech before the governor's development committee he commented, "In coming to Oregon today, I cannot but recall that this is the home of the most advanced electronic measuring devices in the world. Every laboratory worth its salt has a Tektronix oscilloscope . . . So you in Oregon have whetted your taste for the new technology that characterizes our time . . ."

Dr. Berkner, we appreciate those kind words!

## "DDD Doesn't Affect Tek," Says Tom Williams

Pacific Telephone Northwest's extended DDD (Direct Distance Dialing) service, which includes the CYpress exchange, has no effect on telephone service at the Sunset plant, according to Tom Williams, Plant Supporting Services manager.

The Tektronix switchboard will continue to place long distance calls, both business and personal, for employees. If you know the telephone number of the party you are calling, that number should be given to the operator when you place the call.

**WANT TO FORM CAR POOL:** from vicinity S.E. 182nd & Division or Stark st. to bldg. 39, 7-3:30. Mendel Phillips, ext. 7474 or AL 4-7554.

## Plant 1 Test Hosts Finals At Three Star Dance

The Plant 1 Test department will hold a cocktail party and dance next Saturday, June 16, at the Three Star Restaurant. Their guests will be Plant 1 Finals employees and spouses.

According to Wally Priestly, Test department group representative and party chairman, "When we (Test) started talking about a party everyone said it was traditional for Finals and Test to have their parties together — typical Tek 'esprit de corps'."

Elvin Gudmundsen (Test) will provide music with his records and what he modestly refers to as his "medium-fi" phonograph. Wally said managers from both departments have "volunteered" to serve on the cleanup committee.

# statistics

## MARRIED:

**Bill Fowle** (Assembly, Plant 2) and **Laurel Niece**, May 26.
