

OPERATION SNAG TREE — Chris Schindler (Grounds Maintenance) operated a tractor earlier this week when "snag trees" were being stacked up where employees will have easy access to them.

Fireplace Wood

According to Don Postlewaite (Grounds Maintenance) "snag trees" that are being hauled out of the wooded area on Tek's industrial tract are available to employees who want to cut them for fireplace wood.

The trees, varying in width and length, are stacked in two locations: (1) near the railroad track on Karl Braun drive and (2) in an area south of the Ceramics and Metals buildings.

"We're improving the appearance of Tek property and at the same time we're making this surplus material available to employees," Don said. "Otherwise, it would be wasted."

Employees must bring their own equipment for cutting or sawing the trees.

Tek Opens Pasadena Office

Doors of the Pasadena Field Office officially opened January 15.

It is the fourth Tektronix Field Office in the Los Angeles area, the seventh office in California and the thirty-seventh throughout the United States and Canada.

Joe Simpson and Bruce King are the field engineers at the new location — 1194 East Walnut street. Peggy Newsted is field secretary. They all moved from the East Los Angeles office.

Tek Hockey Night Planned

Tek hockey night has been set for Sunday evening, March 4, 7:30 p.m., at the Memorial Coliseum — Portland vs. Vancouver.

A block of reserved \$2 seats has been set aside for purchase by Tek employees, families and friends at \$1.50 each. Tickets for students through high school are one dollar (no discount).

Orders must be sent accompanied by cash or check payable to the Portland Hockey Club. Send orders to Pat Richardson, IO receptionist (ext. 401 or delivery station 74-995). No orders will be taken after Friday, February 23.

Bridge Club Elects Officers

Fred Lum (Data Systems) was elected president of the Tek Bridge club January 3. Joel Dake (Mods.) is the new vice-president and Jayne Jensen (International Mkt.) is secretary-treasurer.

Good defensive play was the winning combination January 10 for Mrs. Vic Fricke and Margaret Cavanaugh. They won high score at the duplicate table.

Mr. and Mrs. Gene Stringer were the winning team January 17.

The bridge club meets each Wednesday evening in the Bldg. 45 cafeteria at 7:30. According to Joel Dake, another beginners class will be organized soon. All employees who enjoy playing bridge, their friends and spouses are invited to attend the Wednesday evening games.

Vol. 2, No. 41 Tektronix, Inc., Beaverton, Oregon Jan. 26, 1962

Tektronix Employees Get 'Family Bonus' On Tickets For Seattle World's Fair

Family bonus tickets are being offered to Tektronix employees for the Seattle World's Fair, Century 21 Exposition, which begins April 21 and continues until October 21, 1962.

Orders will be taken for adult or child bonus books. Adult books are \$5.85 each (\$10 value) and children's books are \$3.55 each (\$6.50 value). These prices are based on an order of 50 or more from Tektronix. A child's book may be purchased for a child who has not reached his or her thirteenth birthday by opening day. Children under three will be admitted free.

The family bonus books include two admissions to the fairgrounds, four amusement rides, two performing arts events (pageant, stage show, film, etc.), two fine art exhibit admissions and one official exposition guidebook.

No tickets to the Space Needle are included in the ticket packages. Charges to go up in the Space Needle will be one dollar for adults and 75 cents for children. No reservations are being taken for meals in the Space Needle restaurant; people will be served as they come.

Pat Richardson, IO building receptionist, will take ticket orders on extension 401. Her delivery station is 74-995. All orders (accompanied by cash or check payable to Century 21 Exposition) must be placed by March 9.

Dick Stein Earns Double Honors

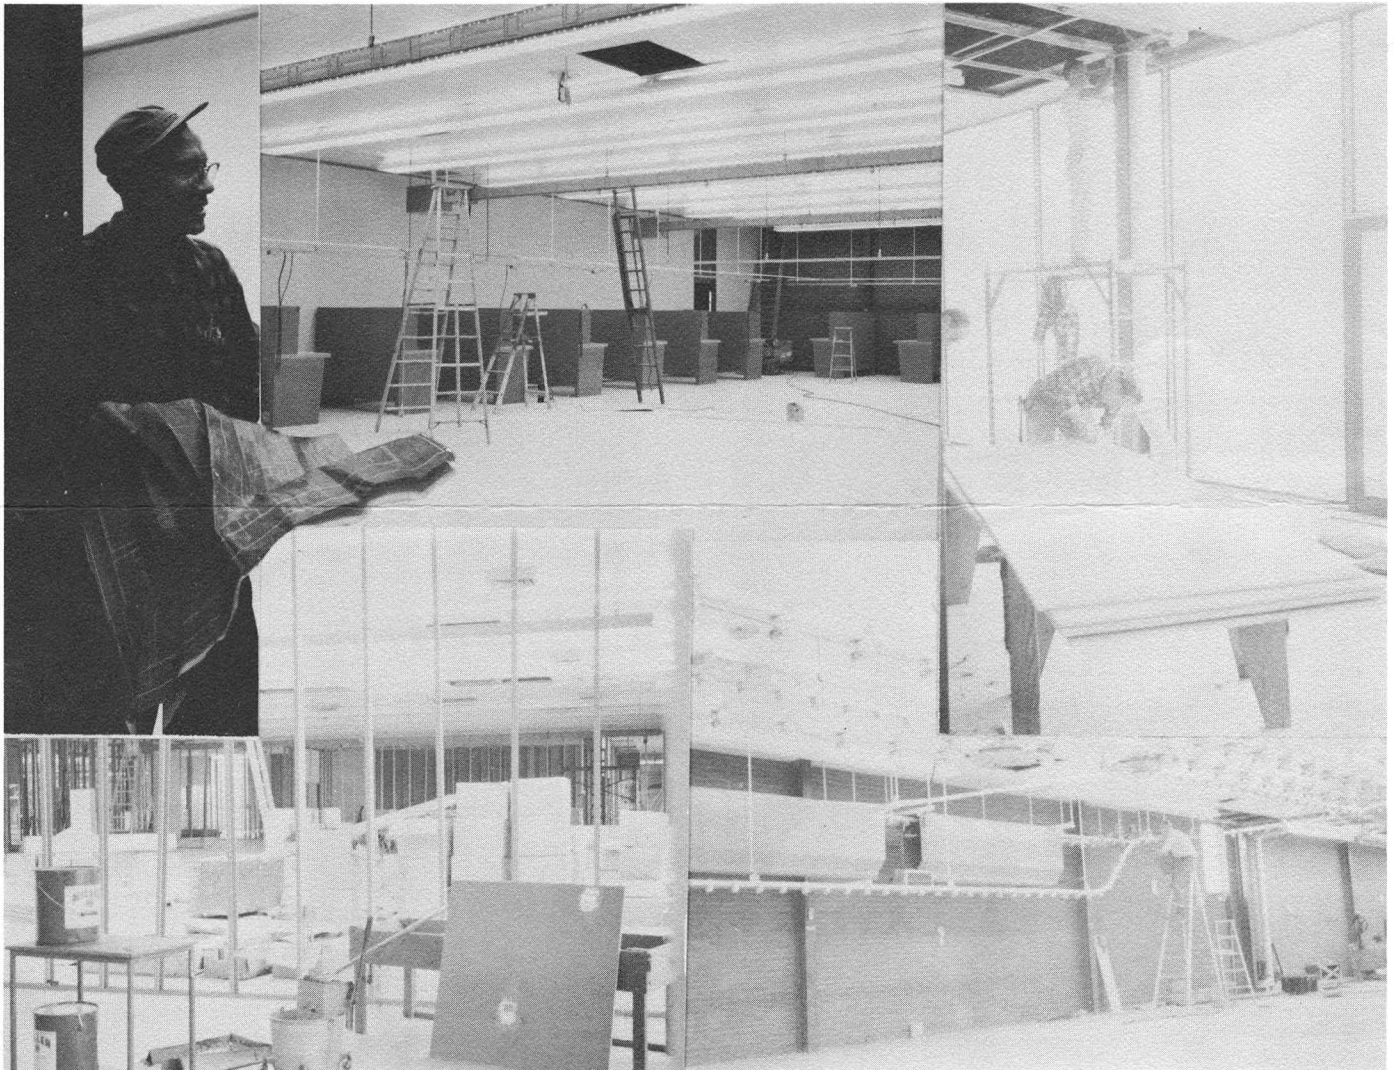

Dick Stein (Plant 2 Test) bowled a 266, 163, 162 —591 series during Tek Men's bowling league play January 18, earning the Honor Roller title.

He also won Hi Game honors with his 266 score.

job postings

Tek employees applying for positions published in JOB POSTINGS: contact Sherri Harms at the Employment office, ext. 7341 (dial 8-7341 from Sunset). Although the posting usually appears in Tekweek only once, it sometimes takes several weeks to fill a position. **Employees may continue to apply for a job even though it is no longer posted.**

MAN: utility man, swing shift (J. P. No. 3326) for the Unit Wiring group of the Assembly department of Instrument Manufacturing.

DUTIES: deliver raw materials, kits chassis, solder, etc. to be used by Assembly personnel in the construction of instrument units; remove finished units from the work area and stock them on shelves; deliver them to other areas for further processing; modify or repair small jigs, handtools, switches, chassis, etc.

QUALIFICATIONS: good memory and fair manual dexterity; some moderate lifting is required to keep stock on shelves and general area in order; work with moderate supervision.

MAN: field modification kit design technician, day shift J. P. 1233 for the Technical Assistance group of the Customer Service department of Marketing.

DUTIES: design and write field modification kits from production and custom instrument modifications; research instrument history and (1) make necessary electrical and mechanical changes to adapt mod. to older instruments; (2) install mod. in instrument; (3) write installation instructions; (4) specify drawing and/or photos where needed; (5) test installed mod. for proper operation; and (6) answer correspondence concerning mods.

QUALIFICATIONS: good mechanical aptitude; ability to communicate ideas in writing; familiarity with Tek instruments; good knowledge of basic electronics; friendly, cooperative and compatible.

WOMAN: packager, day shift (J. P. No. 4322) for the Pre-Pack group of the Shop department of Fabrication and Molding.

DUTIES: count and package Shop made parts for shipment to Warehouse.
QUALIFICATIONS: must have good finger and manual dexterity; must be able to stand for long periods of time; must work closely and well with other members of the group.

MAN: procurement coordinator, day shift (J. P. No. 3023) for the Procurement Coordination department of Material Management.

DUTIES: compile production schedules and forecasts of parts made by Fabrication and Molding; coordinate schedules to machine capacity.

QUALIFICATIONS: basic knowledge of production-control and inventory-control; attention to detail; compatibility.

MAN OR WOMAN: expeditor, day shift (J. P. No. 3162) for the Scheduling group of the Plastics department of Fabrication and Molding.

DUTIES: pick up and record completed tags daily; tag rush jobs in areas required; dispatch and/or expedite orders; reschedule orders in areas concerned; receive work assignments from Plastics scheduler; check on material shortages; post work completed tags and work completed orders to schedule daily; maintain record of material deliveries, rejects, sub-parts and 'special orders.'

QUALIFICATIONS: some background in bookkeeping desirable; attention to detail; mechanical aptitude; ability to concentrate amid distraction; memory for persons and operations; emotional stability; should have initiative and adaptability to comply with sudden changes; must be able to do considerable walking; must be able to get along well with others; bright, cheerful outlook.

MAN: inventory clerk, day shift (J. P. No. 3011) for the Material Control department of Material Management.

DUTIES: assist the inventory coordinator in programing and taking physical inventory; work with the random selection inventory program; screen work-in-process documents; work with Accounting personnel with regard to inventory matters.

QUALIFICATIONS: knowledge of basic accounting principles; knowledge of stock and part numbers helpful; must be active; ability to be on feet for prolonged periods of time; ability to work well with personnel in all levels of management.

Tek employees:

I would like to express my thanks to all of you for the cards, best wishes and flowers sent to me during my illness.

Bertha Vining

F & M QUALITY ASSURANCE

We helped **Bill Cook** celebrate his birthday, January 15, with cake and ice cream during afternoon coffee break.

Erwin "Ash" Ashenbrenner was special guest at our last FMQA group meeting.

SUPPORT GROUP 2, SWING

Pie and ice cream was served honoring **Lora Harthun**, who is taking maternity leave.

Susan Loader is proud to announce the birth of a 6 lb. 2 oz. granddaughter.

TRANSFORMERS

Anniversaries are abundant in our department lately. **Bob Bailey** was with us one year January 16 (Stacking Bench); **Larry Eager** hit the 2-year mark January 18 (Assembly); **Jim Tanner** chalked up one year in Transformers January 18 (Assembly); **Lucy Rogers** celebrated her 1st anniversary January 23 (Utility Bench); and **Stuart Breil** got his "one-year star" January 23 (Winding Machine).

BUILDING SERVICE

Don Martin is new in our group. **Jim Alm** was elected social director; **Al Ely** is reporter.

CRT BOTTLE BABES

Welcome to **Alline Randall**, a new employee from Hillsboro.

FINALS 2, WEST

Jim Delavergne transferred to a department in Plant 3. **Dick Jones** will assume Jim's duties.

Hilbert Hippe is the new group reporter. **Harold Pierce** (ex-reporter) is now alternate group representative.
