

# TECHNICAL DATA

T5020

11/8/63

All operating characteristics are the same as shown under typical operating conditions on the T5021 Technical Data Sheet except:

DJ1-DJ2 deflection factor uniformity ..... within 0.2 V/cm

DJ1-DJ2 registration (A gun to B gun) ..... within .5 mm

Type 502 oscilloscopes S/N 101-1470 have no provision for sensitivity balance and registration. A shorting bar is provided on the base (pins 3, 6, and 8) to allow retrofit into these instrument numbers.
